

Find a Doctor at myibxtpabenefits.com

Better information can help you make better choices

The Find a Doctor tool on myibxtpabenefits.com is a better way to help you make confident decisions about your health care.

- **Easy-to-use search** — A single search bar helps you find network doctors and facilities, as well as treatments and services, quickly.
- **Doctor and hospital profiles** — Informative doctor and hospital profiles and nationally recognized quality measurements help you find the doctor that is right for you. The profiles offer more than just location and phone number. They also show credentials, network and hospital affiliations, and office hours, as well as gender, specialty, language, and if a doctor is accepting new patients.
- **Rate and review your experience** — Feedback and ratings provide insights into other plan members' experiences with doctors and hospitals. Anyone can read ratings and reviews, but you must be registered at myibxtpabenefits.com to share your own experiences.

Looking for health care outside the greater Philadelphia area?
